London, E7, UK

PROFILE

Self-taught, hard-working web developer and graphic designer with a flair for creating functional websites and elegant graphics in the digital world. I like to think clean UI designs; create simple content structures; code responsive sites for great UX; and bring ideas to life in the browser. I'm quietly confident, naturally curious, and perpetually working on improving my chops. I have successfully created and launched live website for Epcsol.com and implemented SEO, alongside some small projects for learning purposes.

Currently looking for a web developer position with an ambitious company to enhance my skills, deliver the results, and contribute to the company's growth.

KEY SKILLS

Web Development – HTML, CSS, JavaScript, GitHub, Bootstrap, WordPress, PrestaShop.

Graphics – Photoshop, Illustrator, Canva.

Help Desk – Jira, Desk360.

Others – MS Office (Word, Excel, Outlook, PowerPoint, Project); QuickBooks; MS Teams, Zoom.

Soft Skills – Analytical thinker; Skilled multi-tasker; Creative Mindset; Problem solving; Communication.
